

Gathering communities to transform lives through affordable homeownership since 1989

Do you want to buy an affordable house?

If you are interested in becoming a homeowner, come learn how YOU can purchase a house.

In 30 minutes, you will learn what we do, who qualifies and how to apply.

There will be time for questions after the meeting.

Anyone who will be on the mortgage must attend one of the meetings in order to apply.

If you need an interpreter, you need to bring one with you.
