Prizes, Kids  
Games and  
Drawings  
thru the night

DATE: 8/20/16  
TIME: 4PM

Everlee is a year and a half and has cerebral palsy. We are looking to raise money to help with down payment of a house, that is better suited for her and her family's situation. With her pieces of equipment she has, and not knowing what else she might need as she grows, we are looking to find a larger home that would be able to handle her needs. With her three siblings, mom's in house daycare, and Everlee's potential needs in the coming years, we know their current home won't meet all of their needs. We appreciate anything you are able to give to help them in this search. Regardless of whether you are able to give or not, thank you for your time.

Please feel free to share all this information, more info on websites:
