**8:00 Raffle**

Clayton and Keaton Taute were born on July 1<sup>st</sup>, 2016 both weighing 6 pounds. They are the proud sons of Dennis and Shae Taute of Foley, and are little brothers to the big sister, Chesney, 15 months of age.

Both boys were admitted to the NICU at the Childrens Hospital in Minneapolis after being born on July 1, 2016. Keaton was discharged a few days after birth but had to leave brother Clayton behind in the Cardiac NICU. After many series of tests, it was found that Clayton had a serious Heart Condition which requires Surgery. Surgery took place on July 21<sup>st</sup> to try to repair his tiny heart valves. The question now becomes how strong the tissue is and if this repair will hold up and for how long. Which could mean more surgeries to come in the future.

This has placed a huge burden for the Taute family especially being so far away from their little "warrior". Please join us on Saturday, October 8 and show your love and support for Dennis, Shae, Chesney, Keaton and Clayton!
