## The Jaxson Peterson Benefit

Saturday August 26<sup>th</sup> 2017

Please join us in supporting Jaxson Peterson who is battling Acute Lymphoblastic Leukemia. Jaxson is two years old and is the grandson of Hayloft owner, Kevin (Wally) Olson. Jaxson was diagnosed on June 14, 2017. He has been receiving his treatments from Children's Hospital in Minneapolis, going twice a week and will be continuing for the next 3-5 years. Jaxson's big, amazing family has been working around the clock to ensure his safety and comfort. The donations from this benefit will hopefully bring them a bit of peace during this difficult time.

Jaxson Strong t-shirts, bracelets and window stickers available
